Summary

"A passionate graduate with a keen interest in cutting-edge technologies, committed to staying ahead in the ever-evolving tech landscape. **Eager to contribute and share knowledge within a collaborative team environment**. I am confident in my ability to make meaningful contributions to any dynamic and innovative tech project."

Education

Pavendar Bharathidasan College of Engineering and Technology, Tiruchirapalli.   2020 - Present

B.Tech - Information Technology

Current **CGPA** : **8.10**

Selection Matric Higher Secondary School, Aranthangi.   2017- 2018

SSLC *- Grade : **92.2%***

HSC *- Grade : **74.4%***   2019- 2020

Skills And Technologies

Web-Development : Full-Stack Development,MERN Stack Development, Front-end Development , Web Application Development.

Cloud Computing : Cloud Service Management AWS .

Operating System : Proficient in Linux operating system and still improvising .

Languages: Javascript , Python3 , php, SQL , NoSQL, C.

Software: Visual Studio code, Microsoft SQL Server, MongoDB (Atlas and Compass), Git , GitHub .

Projects

CRUD Web Application

- Developed a CRUD application tailored for bookstore, enabling users to browse the available books, add new books, modify existing items (e.g., update book info), and remove items that are no longer available.
- Using MERN technology.

Weather - Web Application

- I have developed a synchronized Weather Application leveraging the openweather API, enabling users to check global weather conditions effortlessly.

- Used React+Vite, API from openweather.org.

Additional Experience And Certifications

AWS Cloud Technical Essentials

- I have deployed a virtual Linux system in the cloud and subsequently hosted an Employee Directory Web Application utilizing a diverse array of AWS services.

- Certified by **Coursera** ⬈.

FrontendMentor Challenges

- I have honed and enhanced my front-end development and web development skills by actively engaging in a myriad of challenges presented on **Frontendmentor site**. ⬈

Other Interests

- Driven by curiosity and a fundamental and operational grasp of machine learning models and generative AI, I aspire to leverage these skills for innovative product creation. Despite lacking formal certification, my proficiency in prompt engineering empowers me to craft inputs for desired AI outputs, enhancing my ability to bring AI-driven solutions to life.

Personal Information

- **Name** : K.Sritharan

- **DOB** : 05/08/2003

- **Contact Number** : +91 9786348620

- **Mail Address** : sritharkalimuthu@gmail.com

- **Address** : 36/10, 4th street, L.N.Puram, Aranthangi, Pudukkottai-614616.

Declaration

"I, Sritharan, affirm the accuracy of the information provided in this resume. Eager to contribute my skills and enthusiasm to a reputable organization and committed to upholding its values."
